

# GUIDE FOR USING

## Removing Stubborn Ink

when dry erase ink has been on a surface for a long time, some spots may harden and become difficult to erase. To remove stubborn ink spots,

Due to daily use, marker ink naturally forms a residual film and scaling over time, it's good to clean entire WEpaint surface thoroughly every 3-4 week. Use **Clean-off** or any standard whiteboard spray to restore and extend the life of paint.

## MAINTAIN

## MARKER Choice

There are number of Marker brands with different ink chemical formula present in market. It's recommended to test the erasability of any ink in a small area.

## DO NOT USE **Permanant Marker**

if by mistake it happens then re-mark the lines with whiteboard marker several times and wipe out with clean dry cloth. Repeat the same many times. Lastly clean that surface with whiteboard cleaner. Avoid direct use of thinner/industrial solvent on WEpaint surface.

# USER Manual

### Kit Contains

- Part A
- Part B
- Clean-Off
- Paint Tray
- Stirring Stick
- Plastic Sheet
- Roller-Handle
- Masking Tape
- Waste collection Bag

# IMPORTANT NOTE

READ BEFORE OPENING THE CAN

- Make sure the surface on which you're applying WEpaint is completely smooth. Walls having divots, scratches, or bumps would require some pre-treatment before doing the application. Use good quality of putty, laapi or joint compound to seal/repair this type of surface and repaint it if necessary.
- Make the place **dust free** before opening the can and then start application for better performance.
- Use only **one kit at a time**. Mixed paint will not last for long time.
- **Use** the entire solution **within 1 hour** after opening the container.
- If not using the kit immediately, store it at dry place and make use of it before the **6 month** of manufacturing date.
- **Do not** add/dilute with any thinner/solvent solution
- **Do not** tint with any pigment paste or colorant.
- **DO NOT STRETCH PAINT BEYOND INDICATED SURFACE AREA ON THE BOX, DOING SO WILL REDUCE PRODUCT PERFORMANCE**
- We've provided you more than enough quantity of paint to cover the specified sq. ft. area. So don't panic if few drops are wasted. You're important to us and we'll take good care of you!!
